1 First Section	3
1.a First Slide	4
1.b Second Slide	7

1 First Section

First Slide

To use this template, add it to your Quarto project with the following command:

```
quarto add skriptum/diatypst/diaquarto
```

Then, create a qmd file with the following YAML frontmatter:

```
title: Untitled # required
author: Author Name
date: 01.07.2024
subtitle: easy slides in typst
format:
  diaquarto-typst: # required
    layout: medium
    ratio: 16/9
```

First Slide (ii)

Then, insert your content.

- Level-one headings corresponds to new sections.
- Level-two headings corresponds to new slides.
- `---` is used to separate slides.

First Slide (iii)

And here the text continues on a new slide, but under the same heading.

Second Slide

This is the second slide.
